

CREATE THE LIFE YOU CANNOT WAIT TO LIVE

Wow, has my life changed since I accepted the gift of Arbonne! Today, I am blessed to be sitting poolside at the Atlantis Resort at Paradise Island in the Bahamas, watching my family experience their second dream vacation, both thanks to Arbonne. I am living a better-than-good life that I wish for you as well.

My Arbonne journey began a 20 short months ago. I was a stay-at-home mom to two precious girls during the week, I was five months pregnant with my third child and I was working every weekend as a physical therapist. I loved being a PT, but I did not enjoy the sacrifices my husband, Brian and I were making so that I could be home raising our children.

My dear friend and sponsor, ERVP Dawn Haskell, introduced me to Arbonne in December 2005. For six weeks I politely said "no" to the business, although reluctantly I tried the products. Dawn gave me a NutriMinC® RE® sample pack and within one day, I could not believe the difference in my skin. I quickly fell in love with the products however I still could not see myself building this business. I had a paralyzing fear of speaking in front of people and I did not see myself as a salesperson. I began to see this opportunity as a vehicle to provide us with more time and financial freedom, but I doubted whether or not I could succeed. Then, an amazing thing happened. Through prayer and conversation with Brian, I realized that my desire to create a better life for my family was stronger than the fears that were holding me back.

I quickly began reading EOA stories, like the one you are reading now. I was amazed to see that people from all walks of life – from students, to moms, to doctors – were all achieving high levels of success with Arbonne. I knew that if all of these people could do this, then so could I!

Here is the great news: We all have the same products, the same company and the same opportunity. It all boils down to one thing, and that is you! Absolutely anyone can build this business and get to the top. All you need is a desire to create a better tomorrow, a no-matter-what attitude, belief in yourself and a willingness to make a difference in the lives of others.

My journey to RVP has been no different than my journey through life. I have faced adversity and experienced my share of naysayers. But

strive for a better tomorrow!”

like anyone who has experienced success with this amazing company, I choose to believe in myself and in each person who joined me on this journey. It has been eloquently said, “You can have everything in life you want if you will just help enough other people get what they want.” What an amazing concept! Focus on helping other people achieve their goals and dreams, and you will find your way to time and financial freedom!

Today, my family is experiencing those rewards. Arbonne has given me the opportunity to take away some of the financial burden that was primarily on Brian’s shoulder, we are able to enjoy more time together, we are saving for our future, we are planning more family vacations and we are able to give more generously to our church and chosen charities. Thank you, Arbonne!

Every day I wake up in awe at the way this company has blessed my family. I am forever grateful to God and honored for the amazing team He has placed in my life. It is a gift to know that every day I have the opportunity to believe in and inspire my team to make a difference in their lives and in the lives of others. I am humbled by the incredible friendships, both new and old, that have added much joy and value to my life. Thanks to the following, I am a better person today:
